

PowerON's Enablement Support Services

Helping organisations overcoming IT blockers and reach business goals through flexible support and proactive services.

Enablement support is an annual unit-based support agreement – focused on supporting via:

- Break/fix support & expert 3rd line helpdesk
- Knowledge transfer, training & readiness
- Proactive professional services

All leveraged through flexible remote and on-site engagements.

HOW DOES IT WORK?

The Enablement Subscription is based on a pre-purchased allocation of units that are then consumed over a 12-month period.

Providing a combination of capabilities to ensure customers receive the highest value from their current or upcoming IT solution investments.

HOW TO USE IT?

- **Remote Support** via our Helpdesk Email, Mainline Number or Support Portal.
- **Consultancy Services** via your Account Manager.

COST?

Enablement Support is delivered via a flexible commercial model, allowing you to start small and top up, or pre allocate funds to support your longer term IT strategy.

Starting at £2,400.00 – Reach out today to find out more.
